APRIL 2015

From the Eastern shore to the mountains of Western Maryland, school nurses are advocating for students, promoting academic achievement, and improving the health of school communities statewide.

Celebrate National School Nurse Day
May 6, 2015

The MASHN Newsletter Has Gone Electronic

In an effort to increase our communication with our membership, MASHN will replace the written newsletter with an electronically formatted newsletter. This change in practice is better for the environment and will decrease costs. The electronic format will also allow the MASHN Board to share valuable information related to school health practice efficiently and expediently.
Executive Board Elections

In May membership will be asked to cast their votes for the following positions: President-elect, Director, Treasurer, and Nominating Committee.

You will be receiving a special edition of the MASHN Newsletter with bios for each candidate running for office. The newsletter will be followed by another email with electronic voting instructions.

Don’t forget to cast your vote!

MASHN now has a Facebook Page

Like us on Facebook and let your colleagues know about our Facebook page. Promote school health and keep up with important issues effecting Maryland students.
